Meet wish kid Hope

Hope is a sweet 4-year-old from Sheboygan who was born with a critical nervous system disorder. Her life has revolved around scary procedures, numerous doctors, and therapy appointments, as well as extended hospital stays.

Hope loves to be outside and watch her favorite Disney movies! Due to her diagnosis, she has limitations in her abilities to live life as a normal child.

When Hope learned that she would be granted a wish, her family knew that her one true wish is to spend a magical week at the Walt Disney World® Resort. Hope loves all things Disney and always watches a Disney movie during her scans & treatments to help her get through them.

Hope and her family traveled to Orlando, Florida where they spent a week in their own private villa at Give Kids the World Village. They received VIP treatment throughout their entire trip both at Give Kids The World and all the Disney theme parks. Special characters tuck children in at night, leave personalized gifts on their beds each day and even carry their lunch trays! At the theme parks they were able to spend one-on-one time with Hope's heroes, including Mickey & Minnie Mouse, and more! From ice cream for breakfast to being a real-life princess, Hope & her family will be able to create life-long memories together, far from all the concerns at home revolving around her critical illness.

"Hope's wish to go to Disney was beyond magical. Watching her and her siblings make memories filled with love and laughter is all our hearts could ever want. It was one unforgettable trip filled with nothing but joy, magical memories and TONS of ice cream!!! We owe our full hearts to Make-A-Wish Wisconsin and to everyone who made this magical wish into one big magical memory for us!" - Nyra, Hope's mom

Currently, there are more than 400 wishes pending - which means, right now there are hundreds of kids anxiously counting the days until their life-affirming wishes are granted. Please join us in support of Harrigan for Wishes to help make the unknown feel less scary for local children like Hope and their families. Your support will help renew their emotional strength, give them transformational joy, and restore hope for a lifetime!

Hope's wish was granted thanks to Harrigan for Wishes 2025!

Sponsorships

In January of 2014, Dave & Monica Stern's daughter Olivia was diagnosed with Acute Lymphoblastic Leukemia (ALL). With lots of support from many family members, friends, medical support, and 2 ½ years of treatments, Olivia is doing fantastic. A highlight of this journey was the wish she received from Make-A-Wish Wisconsin. It was a transformative experience for her, and really our whole family. Through the impact this incredible wish journey made on our family, the idea of Harrigan for Wishes, benefiting Make-A-Wish Wisconsin, was born.
